Relaxation on licence to defence equipment exporters

3132. SHRI S. AUSTIN: Will the PRIME MINISTER be pleased to state:

(a) whether Government are considering any proposal to give certain relaxation in the matter of issuing export licence to private sector for exporting defence equipments; and

(b) if so, the details and objectives thereof?

THE MINISTER OF STATE IN THE MINISTRY OF DEFENCE (SHRI MALLIKARJUN) : (a) and (b) Consequent to a change made in April 1993, there is no requirement now of obtaining a licence for export of military stores produced in the private sector. However, a "no objection certificate' from the Department of Defence Production & Supplies is required to be obtained, which is liberally given subject to the country's strategic and political concerns. Requests for involvement of private sector companies in export of items produced by ordnance factories and defence public sector undertakings are also favourably considered.
